Board Occupied With Zoning And Annexation

The Mokena village board spent most of its time at its last meeting talking about annexation and zoning. It adopted a couple of annexation ordinances and put off a couple more until the new zoning ordinance and zoning map is adopted. It is now said that adoption of the zoning measure will take place June 6.

The village has been adopting a new zoning ordinance off and on for several years but technicalities and legalities have interrupted its intentions. Adoption of a new zoning ordinance was begun before the advent of the present administration but progress is reported and June 6 is given as the target date for passage.

At last week's meeting Lots 168, 169, 170 and 171 on Wolf rd. at 194th st., were annexed to the village. They are owned by Joseph Majher and the annexation was made on his petition.

Also annexed was the property of Henry Bottema, on LaPorte rd. The village would also like to annex the property of Ralph Hughes so that if sewer and water is extended Bottema and Hughes could be served at the same time.

Ready for presentation at last week's meeting was a petition to annex the properties of John Richeson and

Mr. and Mrs. Frank O. Grey, Jr., which would include the Standard Oil station and the Grey real estate office.

Village Attorney Ronald Galowich advised the petitioners to wait until the new zoning ordinance and map is adopted. The present zoning ordinance has been described by some as a "perfect sieve", and the village board is free to step in anytime and make changes in classification without publication or public hearing.

At last week's meeting for instance the board gave property on Wolf rd. and Revere a new classification. Now it is zoned for multiple housing.

The board also voted to change classification on Denny st., which is now zoned for business, to R4, or multiple housing. This was done at the request of some persons living there.

The board emphasized that any sewer and water main extensions must be done according to village specifications and subject to approval by the village engineer. In future annexations property owners will be required to deposit with the village a sum sufficient to cover the cost of installation of sewer and water main extensions, as estimated by the village engineer.

L W Girls Glee Club Gets Superior Grade

A superior rating at the Illinois state high school music contest last Saturday, April 18, came as a fitting reward for the year's work by the Lincoln-Way high school girls glee club under the direction of Richard Johns.

All the singers have to do now is get ready for their appearance on the commencement program.

The glee club has had a busy year that began with three concerts, one at each of three schools. One of the highlights of the season was the Christmas concert presented at the high school in company with the Lincoln-

Way mixed chorus.

This formal concert was followed by the Christmas assembly, an informal presentation depicting a group of carolers out on a snowy Christmas night. Snow, fireplace, hi-fi and Mr. and Mrs. Santa Claus made the scene complete.

The girls agreed that the big thrill came last Saturday at Bradley high school when informed they had received a superior rating. For the contest the girls from the mixed chorus and 15 girls from the sophomore chorus joined the girls glee club to bring the number up to 118.

Need Money For Schools

Defeat of the proposed increase in the educational tax fund rate for high school district No. 230, in which Carl Sandburg school of Orland Park is located, means that a special election will be held.

Nest fall Dist. 230 will be operating two high schools, Carl Sandburg and Alonzo Stagg. Since the people of the district saw fit to vote bonds for the building of the second high school -- Alonzo Stagg -- it is only practical that they provide funds with which to operate it.

At a meeting of the school board held after the tax increase was beaten it was decided to hold another election June 13. It was brought out at the session that while there would be sufficient money to operate Alonzo Stagg high the coming school year something would have to be done to provide funds for the year following.

The salaries of teachers and other personnel as well as the supplies and other expenses for the operation of the school are met with moneys from the educational fund.

The present rate for Dist. 230 is \$1.13 per \$100 of equalized assessed valuation. The board is asking for a 21-cent increase which would boost the rate to \$1.34.

Not to get this, school officials declare, would necessitate a drastic reduction of the educational program.

It is not surprising that people vote against tax increases. They have little, if any voice concerning federal or state taxes. It is only when a referendum is held on a local basis that the public can make itself heard and sometimes they vote their resentment against the spending of the federal government.

The people in Dist. 230, and other school districts in the area for that matter, have been generous in their support of the schools. It is expected that they will reconsider their action and approve the proposed increase in June. They have a lot of money invested in the two high schools in Dist. 230, and the only thing the people can do is to come up with the money to operate them.

In Lincoln Estates in Frankfort township the people in grade school district 56-C, the Ann Rutledge school, also defeated a proposed increase in the educational fund tax rate. Last year they voted bonds for a new addition to the school to meet the growing enrollment but the board has not been able to make use of the room because it lacked money to hire a teacher, it was explained. It appears that this situation will continue.

We are not high tax advocates. We think that the people should have a right to voice an opinion on how much of a tax bill they are to pay. It is unfortunate that the area lacks industrial and commercial property of sufficient size to substantially reduce the burden that now rests on the homeowner. It is to be expected, however, that in time this situation will be remedied.

We believe that the men and women who make up the school boards of the area and those employed as school administrators are endeavoring to do a good job and that on the whole they make every effort to spend the tax money wisely.

We believe that given another opportunity the people will show their confidence in the board of education and the future of the area by voting funds necessary to operate the schools.

Business & Finance

BY MAURICE P. ANGLAND

General news columns are carrying more and more mention of efforts of the federal government to reduce and control spending. In a separate news story in the same newspaper, details of new plans for social changes are announced. These plans such as that for an "anti poverty" program have a way of developing into agencies which expend large sums of money and continue existence long beyond the stated objectives at their creation.

The obvious and often used channel to cut spending, is to cut budgets which are related to defense matters. At election time it is always popular to cut down on the draft of men for military training and - development of military hardware.

We are again in one of those periods when there seems to be a general slowing down of international competition.

These periods of slowing down of world tensions as to our own country, are fostered by those of our adversaries who like to lift economic pressures to allow periods of readjusting of their strength to continue the struggle.

In the past, these periods of slow down, were followed by cancellation of some production contracts, but more important, the cancellation of research and development contracts, etc.

These slow down periods have always been followed by a need to increase such activity because of some international development.

Life magazine in its extensive coverage of General MacArthur's last address at West Point, in denying a role of war monger for the soldier, states "But always in our ears ring the ominous words of Plato, the wisest of all philosophers--only the dead have seen the end of war". Other philosophers thru the ages, have pointed out that to achieve a state of no struggle, we must erase ambition of man to achieve higher scale of living for himself and family, by greater efforts.

Some financial analysts state that we have little control over our defense budgets, and that they are actually "made in Moscow". We are forced to counter any enemy move, by measures which cannot be dictated by the current costs. The current apparent struggle between China and Russia in the Communist world, is not taken too seriously, by students of world affairs. They point out that the objectives of these two leaders of millions of peoples, is as to the means of achieving supremacy over us and not as to whether this is desirable.

More and more often we are now hearing of price increases. We also note that unemployment figures are going down.

Reports are increasing of situations where industry production is now at point where added production must be achieved to meet demands.

Under these conditions, the unions will achieve increases and economists hope these increases will be in the area of less than three per cent

ON 2nd THOT

By Glenn Logan

FROM TIME TO TIME one reads of some editor being cited--in commendatory fashion of course--for his fearless attack on crime, mobsters, corrupt public officials and the like.

"And so," said my friend Muldoon Muldoon, who is usually referred to as Doubles Muldoon or more simply, Doubles, "and so one may hear people say admiringly, 'Ah now, and there's a brave man for you, giving the back of his hand to the whole bad lot of them.'"

"I do not wish to imply," Doubles went on, "that some courage might not be involved in teeing off on such subjects but actually the attackees as a rule understand that public castigation in the press is--in a manner of speaking--a part of the overhead in such a business.

"I recall that back in the days of Prohibition, sometimes referred to as the Roaring Twenties, it was not uncommon for some of those wanted to telephone a newspaper to correct or provide additional details which they felt would enhance their image with the public.

"IT SEEMS TO ME," Doubles continued, "that that if any editor is to be commended for fearlessness the committee in charge should be allowed to delve back into the past as well as the present and if necessary make post-humous awards.

"I say this," he explained, "because one almost has to turn to the past to find individual editors who engaged in what is called personal journalism. Oh, there are some columnists today that indulge in an exchange of insults and the action acclaimed as a great feud but actually they are just shadow-boxing.

"I have read some of the frontier press that may be found in state historical collections in the west and some of the exchange of comment between editors was pretty purple at times and the men of the men tossed out challenged right and left to settle things with pistols. I must admit, however, that there was a lot of shadow-boxing then too and as far as I recall such disputes did not end in gunfire.

"Editors are a canny lot and realized in picking on one another there was little likelihood of any fatal outcome. One might say they are a smart lot. They may attack the highest figures in government, the most vicious criminals, and raise merry H-E-Q with top corporations and the big courts; they wallop public officials on all levels and hurl serious accusations against them and never back up an inch when the attackees show fight but there are certain fields into which editors do not invade, unless they are stark, raving nuts.

"ONE SUCH that is free of barbed editorial comment is the amateur theater. Nor will you find any sane editor taking sides in an intra-church dispute involving pastor or choir.

"Amateur theatrical groups are a sensitive lot and while they insist they want an opinion from the viewers--an honest opinion, of course, without consideration of personal feelings--only a fool would take advantage of the opportunity.

"There are times, of course, when amateur theatrical productions have real merit but whether they are good or real stinkeroos it would take a brave editor indeed to allow reporter to write a criticism, especially if the piece was a clunker. Brave is hardly the word, tho, foolhardy would be better.

"The safest thing to do is carry several advances concerning the piece with the idea of helping the ticket sale. Any actor, amateur or professional likes to play to a full house. Most editors feel that if they have helped the ticket sale they have fulfilled their duty to community enterprise in that particular instance, and call it quits.

"I BELIEVE," Doubles went on, "that if I were an editor I would not carry any story after the play has been given. I notice quite a number of papers appear to have such a policy. Those who do print a review naturally say what a wonderful job was done. If it is possible I believe it would be wise to stop with that. If one says that So and So was good he can't stop there. He must say that everyone was good and name them. Heaven help an editor is a name is omitted and if the cast is a big one that could happen easy enough.

"The simplest way out if to say "the audience was delighted with blah blah glah given at blah blah . . . members of the cast were . . ."

"I remember once when an editor was on vacation and the man left in charge who was filled with zeal and a lot of fine theory about the newspaper business that he had acquired in a school of journalism, accepted the urgent invitation of one of his friends who had written a play that was to be enacted by amateurs to print an honest criticism of the production.

"THAT NOT ONLY WRECKED a friendship between news writer and play writer but a lot of other friendships went by the board too. The town divided into camps and it was months before the repercussions died down. The amateur theatrical group disbanded and the news writer finally grew weary of the bickering and went on to pastures. When the editor returned from vacation he found that it was safer for him to move thru alleys than along the sidewalks and he really had nothing to do with it.

"Altho it would take a lot of courage to write what one really thought about an amateur show he would gain nothing by it unless some editorial association was giving an award the silliest action of the year."

Arbury Hills

Civic Group Moves To Fight Water Rate Hike

MRS. EDWARD NOVI
Telephone 479-5740

The Arbury Hills Civic Association held a special emergency meeting at the school on Monday evening, April 13. This meeting was in the form of a community protest to the proposed water and sewer rate increase filed recently by the Arbury Utilities Company.

Approximately 70 persons attended. Dick Heim, president of the Civic Association told the people that an official letter of protest had been sent by certified mail to the Illinois commerce commission in the name of the Civic Association.

The letter registered an official protest to the rate increases and asked that the organization be informed of the date and place of the upcoming hearing on the matter.

It was decided both by the group present, and by a special board of directors meeting, that an attorney, Robert C. Holquist, should be retained by the organization to represent the interests of the members of the Civic Association and the residents of Arbury Hills in general.

Mr. Holquist is somewhat familiar with the water situation, since he represented the Civic Association some two years ago when the sale of the water works was being considered by Edward Feeley and associates.

It was also decided that a legal fund should be established to furnish sufficient funds to retain the attorney.

It has been asked that each family in Arbury Hills either contribute \$1 to this fund, or pay their dues in the Civic Association. In this way

any additional funds needed over and above the amount in the legal fund could be provided from the treasury of the Civic Association.

There are approximately 15 persons at the present time canvassing the area for the payment of dues, or the \$1 contribution. A receipt is being issued by the canvassers. In the case of a receipt for dues, the membership cards will be issued at the next regular meeting of the organization to be held at the school on May 19.

Those not contacted by a canvasser, may call Dick Heim at 479-5755, and he will send a representative over to collect.

This matter will also be brought up for discussion at the special open board of directors meeting which is to be held at the school on May 4, starting at 8 p.m.

The Summit Hill Cub Scout Pack Number 10 will hold their regular monthly pack meeting at the Arbury Hills school, Friday, April 24 at 8:00 p.m.

There will be registration for all boys interested in joining the Cub Scouts in the fall. In order to be eligible for membership, a boy must be eight years old by "September or October"

Mr. Pasky, the cubmaster said. The age bracket is from eight thru 11.

The Parents asked to attend this pack meeting with the boys, since Cub scouting is a family venture.

With the increasing interest being shown in scouting, and the ever larger numbers of boys reaching scout age, there is a need for more den mothers.

The den mothers preside over the weekly den meetings, normally held in the home of the den mother. The den meetings are small numbers of boys doing their weekly activities.

The Arbury Hills Boys Baseball League held their dance at the Goodings Grove Hall on Saturday, April 11. It was considered to be a financial and social success. There was almost \$600 in profits to be added to the treasury of the organization; thus assuring a continuance of operation for this year.

There were several special prizes awarded at the dance. A portable television set went to Glen Burkett, of Frankfort; a table model AM-FM radio was given to Ralph Eriksen of 15234 Bante Street, Dolton.

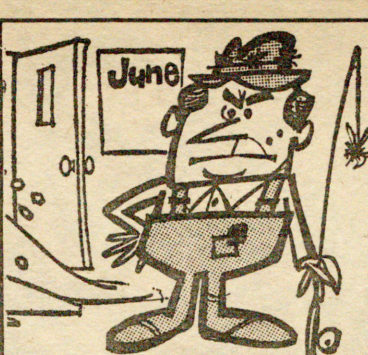

A three-piece set of luggage was given to Ted Rydell from Arbury Hills. Two chicken dinners from Kirk's Drive Inn was awarded to Mr. and Mrs. Guy Broekstra also of Arbury Hills. The final prize of two table lamps was awarded to Mike Werner, town unknown.

The scheduled meeting of the ladies of the Byng club was cancelled. The meeting was to have been held at the home of Mrs. Nick Wyzevich of 9519 West Elm Avenue on last Thursday evening, April 16.

The meeting has been rescheduled for the regular meeting May 11 in the Wyzevich home.

April is National Cancer Month and the week of April 20-25 is American Cancer Society Week in Frankfort township.

Mrs. Wendell Morrison, coordinator for Frankfort township, announced the appointment of Mrs. George Peterson as Chairman of Lincoln Estates.

PUTTING OUT--That's Dick Coghill, of the Carl Sandburg team that just lagged one up, with Bob Johnson, of Lockport,

ready to pull the pin. Watching--and waiting for his turn is Art Nelson of the Argo team.

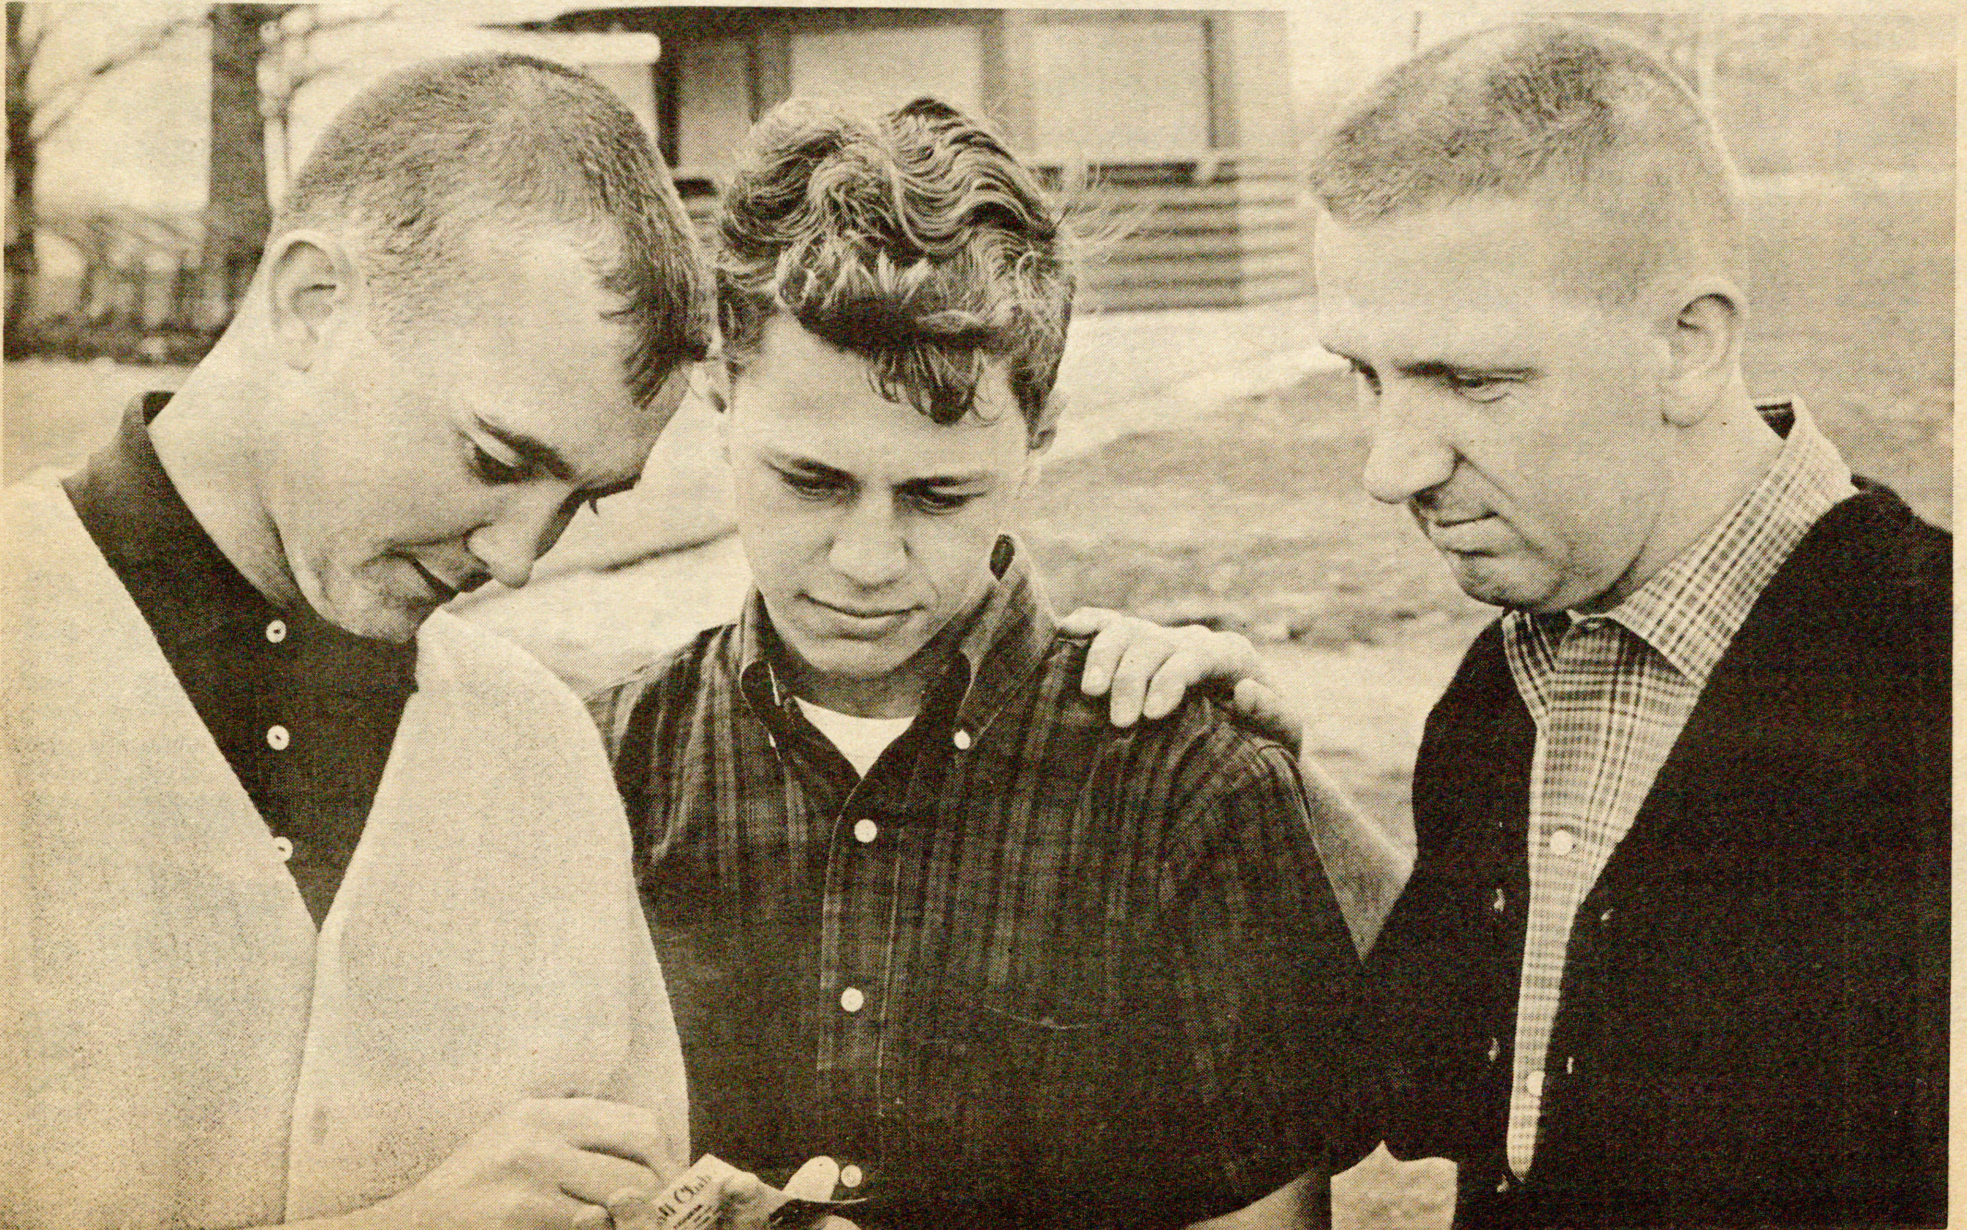

TEES OFF to begin round in three-way team match. The shooter is John Helquist, of Carl Sandburg high school. The boys found Big Run full of hills and dales and quite sporty.

LOW MAN for the Eagles, Joe Bozic, takes time to clean the pill while the other members of the three-some tee off. Bozic carded a 41.

THE KIND of a shot one dreams about if given to bad dreams. The young man with the problem here is Dave McIntosh, of the Sandburg squad. Bob McDonald, the Graphic News-papers photographer, who took these pictures, had to hurry on after snapping this so doesn't know how Dave made out.

CHECKING SCORE--Dick Finley (left), golf coach at Carl Sandburg, is going over the card of Curt Yelnick, one of the Eagle squad in the meet at Big Run last Friday. The assistant coach, Gary Daily, is on the right. (Graphic Newspapers photos)

Sandburg Track Team Loses But Sets Marks

BY TIM SEDGWICK

Altho the Carl Sandburg thinclads lost to Riverside-Brookfield 90-28 and to Oak Lawn 73-45 last week, Jim Reeves and Rich Benson set new school records.

In the mile against Riverside, Reeves ran a 4:41.5, .4 seconds better than the previous record set by Reed Williams in 1959. Benson set the other record in the discus, where his throw of 138 feet 5 inches was just over 4 inches over the old record.

The frosh-soph were unable to do better than the varsity as they lost to Riverside 102 to 16, and 67 1/2 to 50 1/2 to Oak Lawn.

Against Riverside, the Eagles were able to capture only two first places. Reeves won the mile setting a new

school record and Doran Harding won the half mile. Even tho Benson set a school record in the discus, he was only able to take second.

In the first conference meet the Eagles fared somewhat better against Oak Lawn. Tho the loss was against conference competition it has no effect on the conference championship. The conference title is decided in one meet where all the schools compete against each other, similar to the conference swimming meet.

Against Oak Lawn Reeves won his fifth straight victory in the mile remaining undefeated. Dieter Kind and Bill Hasknacht showed the strength of the mile team as they finished second and third.

In the half mile Harding won in 2:07 to bring his winning streak to four meets. Larry McNeil was the other individual winner, winning the quarter in 54.9.

Sandburg's other first was in the mile relay where the team of McNeil, Harding, Chuck Crowhurst, and Leonard Boosley won with a time of 3:43.6.

Some good performances were also turned in for second places. In the high jump Dan Taylor took second with a jump of 5 feet 10 inches, only five inches from the school record. Jim McGhee also took a second in the pole vault with a vault of 10 feet. Chuck Hefner threw the discus 131 feet 5 5/8 inches. Ernie Sharpe took three seconds. One in the 100 with a 10.5, one in the low hurdles with a 21.2 and the other in the 220 with a 23.0.

On the frosh-soph level the Eagles were only able to take on first as they were swamped by Riverside 102-16. The lone first was one by Chuck Mueller in the low hurdles.

Against Oak Lawn the sophs were edged out 67 1/2 to 50 1/2. John Biddle led the team taking two firsts, one in the half and the other in the mile. In the mile Biddle was backed up by Ed Zeman and Ted Messlein who took second and third.

Gordon Bell also took a first for the sophs in the

New Mentor Rates High On Record

Coach A. L. (Kayo) Willis, outstanding Pinckneyville basketball coach, recently signed a contract to guide the future destiny of the Lincoln-Way Knights in basketball. Coach Willis has one of the most outstanding win-loss records among the present day coaches in Illinois having won 123 while losing 33 during the period before coming to Pinckneyville and had a 40-17 record at Pinckneyville. Most of these games matched some of the outstanding basketball teams in the state.

Coach Willis is a graduate of the Ridgeway, (Ill.) high school and Murray State Teachers college, Murray, Ky. Following graduation he coached at the Equality high school for 2 1/2 years and during this period received an outstanding award as Coach of the Year in Southern Illinois. Immediately following, Willis coached six years in the Carrier Mills high school with his teams state-rated during five of these six years.

During the season just concluded, Pinckneyville was among one of the Sweet Sixteen teams in the State Tournament losing only to the famous Cobden team during the first round in three over-times.

Coach Willis is married and has two sons and one daughter. They plan to move into the district immediately after the end of the present school year. Willis will be an instructor this summer in the behind-the-wheel driving program and also plans to work with the elementary school boys who are interested in basketball.

quarter and Mueller in the low hurdles. The other first was in the pole vault with Tom Johnson winning.

Annual Mother - Daughter Dinner Set For May 7

A "Meal O'Plenty" dinner will be served at the annual Mother and Daughter banquet in the Marley church on Thursday night, 6 o'clock, on May 7. The menu being used was suggested to church groups in the county last summer by the Dairy Council of the Tri-Cities. The traditional Mother and Daughter program will be presented under the direction of Mrs. Francis Nelson.

The annual family party of the Maple Street Arbor of Gleaners was held in the Homer School on Friday night, April 10. On the committee in charge were Mr. and Mrs. Daniel Sass, Mr. and Mrs. Royal Corp, Mr. and Mrs. John White and Mr. and Mrs. Leo Ruettinger. At the next meeting to be held in May, there will be a hobby and handicraft show. It is open to any person 18 years of age or under in whose family there is at least one policy holder in the Maple Street Arbor. Five dollar prizes will be awarded to: 1. The best Hobby exhibit for boy or girl under 12. 2. The best Hobby ex-

hibit for boy or girl 13 to 18. 3. The best handicraft exhibit for boy or girl under 12. 4. The best handicraft exhibit for boy or girl 13 to 18. Every one who enters and displays an exhibit will receive a dollar as a prize. All entries must be exhibited at the May meeting of the Maple Street Arbor of Gleaners at the Homer community school to be eligible for a prize. The date of meeting will be announced later. Send or telephone entry before May 1 to: Arlene Welter, lecturer, Box 354, Lockport, Ill. Phone 838-4359 or Virginia Sass, Secretary, Rt. 1 Lockport, Ill. Phone 485-6424. Winners can compete for prizes at the state gleaners picnic to be held in July.

Mrs. Harold Finley of Lockport was the speaker at the monthly meeting of the Marley Missionary Society on April 15 at the home of Mrs. Jack Jordan. Her topic was "Foreign Student Work and the United Church Women." Mrs. Finley, a daughter of Mr. and Mrs. Willard Rowley of Homer, is well known in this area. She is

active in the work of the United Church Women and also with foreign students, placing them in homes for the holidays, and during the year.

The worship service was conducted by Mrs. Russel Lauffer. The assisting hostesses were Mrs. Daniel Sass, Miss Cora Hyink and Mrs. Francis Nelson.

Mrs. Eva Seniff of Lyons, Ill. was a guest on Tuesday in the homes of Mr. and

Mrs. Everett Bell and Mr. and Mrs. Charles Slevert. Mary Jane and Diane Stellwagen spent the week end as guests of their sisters Betty and Joan at Illinois State University at Normal. While there they attended the annual Gamm Phi circus.

Miss Connie Corp spent the week-end in Chicago where she represented Lincoln-Way high school at a Future Teacher's meeting. Mr. and Mrs. Edward

Sproat spent the week end with their daughter Bonnie at Illinois State University at Normal.

PEOPLE'S CAPITALISM

More Americans own stock in U.S. Corporations today than ever before in our history -- 17 million of them, to be exact, says New York Stock Exchange. Ten years ago there were less than 7 million shareholders. Total value of 15 billion share now in circulation is \$500 billion, 20% of which is owned by corporations, 80% by individuals. HELP FOR DROPOUTS

So concerned are some major U.S. business corporations over teen-age school dropout problem that they're attempting to offer partial solutions on an individual basis. One large insurance company, for example, is hiring 25 teen-agers experimentally. Another is teaching skills such as typing -- to unemployed dropouts. Another is hiring teen-agers on a part-time basis provided they also resume studies. Behind their moves, of course, is growing fear that problem may become so monstrous that it will affect the nation's economy for many years to come.

WIDOW-SWINDLING

Plight of nation's 8.5 million widows, being bilked at rate of \$100 million annually by scores of schemes and swindles, has become so serious that postal inspectors are studying measures designed to curb it. More than 60% of complaints made to Special Senate Committee on the Aging and Federal Postal Inspection Service involve gyping of widows. Said Chief Postal Inspector: "The person who makes a practice of cheating widows is the lowest of the low and must be brought to justice."

CRAZE FOR COLOR

Steadily rising preference for color among amateur photographers has brought significant increase in sales of cameras and film. Between 1953 and 1962 color pictures taken in U.S. by amateurs were tripled, while black-and-white snapshots dropped from 1.5 billion to 1.3 billion. Color's popularity is further enhanced by revolutionary improvements in both film and cameras.

COLLEGE RUSH

This year is expected to bring biggest college rush yet. In some state universities, applications for fall admittance from would-be freshmen are running 60% ahead of last year. Total college enrollments are now about 4.4 million. They will rise to 4.8 million this autumn, to 7 million by 1970, to 8.7 million by 1975. Present facilities are inadequate to handle such dramatic increases in students, must be greatly expanded and pooled to meet even half of rising demand. This is problem that should be of concern to far-sighted business leaders.
